

PRESS RELEASE

6th May 2016

iluminar joins Arecont Vision® Alliance Program

iluminar Inc, the specialist manufacturer and supplier of infrared (IR) and white light illuminators, is proud to announce that it has joined the Arecont Vision Alliance Program, with its full range of LED illumination products Arecont Vision MegaLab™ certified, having completed certification testing.

An industry leader in IP-based megapixel camera technology, Arecont Vision® is renowned for having contributed massively to the advancement of megapixel imaging for professional security applications. The company's worldwide installed base of megapixel cameras crosses a broad spectrum of applications and venues.

"The opportunity to pre-test and certify iluminar IR and white light illuminators with Arecont Vision technology will be beneficial to our integrator and end-user customers," said Mrs. Eddie Reynolds, President and CEO of Iluminar. "The result will be easier design work and faster installations, with the advanced knowledge of knowing what configurations and models work best together, ultimately, to provide the optimum lighting solution to suit any surveillance camera application."

"We are excited to have Iluminar join the Arecont Vision Technology Partner Program," said Jason Schimpf, Director of Sales Operations and Partner Relations. "Many customers around the world rely on iluminar lighting products to support Arecont Vision megapixel cameras. With iluminar participating in the Technology Partner Program and included in the available technology in the

MegaLab, we are now able to offer even closer integration for the benefit of our mutual customers than ever before.”

Through the Arecont Vision Alliance Program, sales, development, and support contacts are established between Arecont Vision and iluminar in order to better engage with end-user customers and integrators, integrate new features and technology, and quickly resolve any customer support issues.

For further information about iluminar’s range of professional IR and white light illuminators, customers can call iluminar on +1 (281) 438-3500, email sales@iluminarinc.com, or visit their website at www.iluminarinc.com
